PROFILE

Video editor and graphic designer working in digital media and live broadcast since 2017. Head of Graphics at Kashaf, where I turn investigations and fact-checks into short-form video, carousels and infographics that read at a glance. Equally at home in the production gallery and the edit suite.

EXPERIENCE

Head of Graphics Kashaf

2025 – Present

- Lead the graphics department and set the visual identity and quality bar for fact-checking and investigative content.
- Turn complex investigations and data into carousels, infographics and reels, e.g. an open-source investigation of 3M posts, disinformation fact-checks and banking data.
- Produce short-form edits and motion graphics, including the brand's reel logo outro.
- Use AI tools where they serve the work (faster production, image enhancement, visual ideas) with human review.

Assistant Director (Gallery) Syria TV

2025 – Present

- Assistant director in the live production gallery during broadcasts.

Video Editor & Graphic Designer Darulhadis Vakfi

2024 – Present

- Edit lesson reels and design hadith and text series, plus an animated-slide campaign for a tour of Indonesia.

Social Media Specialist & Graphic Designer Jeel Media

2022 – 2024

- Ran and designed content for Syria TV's social media platforms.

Social Media, Video Editing & Broadcast Direction Radio Al-Kul

2022

- Combined digital content, video editing, playout-system operation and broadcast direction.

Live Broadcast Director (promoted from Playout & Video Editor) MISK Media

2020 – 2022

- Started in the Master Control Room running playout and editing video; promoted after a year to Live Broadcast Director.

Social Media & Design Büyük Anadolu · Dar-Alhamd

2017 – 2020

- First professional roles in social media, graphic design and customer service.
